

We asked staff for their feedback about what it's like to work at CAP, here's what they had to say...

Sharon – CAP genuinely cares about the welfare and well-being of its employees - I never felt as valued and supported by previous employers. I feel like we are not just a workplace but a warm and loving family.

Heather – Great management, great atmosphere and it's amazing being part of charity that's changing 1000s of lives!

Ellie – Fresh fruit around the place to help ourselves to...and keep us regular! Now that's what I call staff welfare.

Karen – Because we get encouragement all the time!

Tina – Because at CAP the aim is to build you up, not tear you down, to believe in you and help you fulfil your potential. I've never been part of something that is so overwhelmingly positive and encouraging - the atmosphere here is awesome, and work colleagues are amazing - with a genuine heart for each other. Also - not only seeing clients' lives transformed on a daily basis, but also being changed (for the better!) myself through experiences here and by seeing God truly at work.

Claire – Because the UK Chief Exec makes rude jokes at regular intervals... No, really... Through working at CAP, you find employers who truly are fair, encouraging, trusting and honest. These are people who actually ARE everything they say they are – it's not all talk, it's actually true. The leaders & managers you find at CAP are 100% involved at ground level – there's no sense of 'them & us' and certainly no feeling that they sit back and watch from on high. These people lead by example, and endeavour to make sure that staff are challenged, empowered and cared for practically.

Phill – Because you are allowed to spread your wings, soar like eagles and achieve your potential or is that too spiritual? It's more like a family not a work place, it's a fulfilling ministry as opposed to a job, and you get to do the best job in the world knowing you are changing people's lives for good!

John V – We get to see God is changing lives and working all over the country and we really are a part of it. We also have prayer time every morning and we see amazing answers to prayers.

Stephen – Great people to work with, fantastic atmosphere, and we're making a difference at the same time.

Tim – CAP's the best charity to work for because I know I'm valued for what I do, and have a good laugh while I'm doing it!

Jane H – It is positive from all directions.

John P – I've become a better person by working here. Being in this environment all day every day is amazing! The way we're encouraged and valued individually as staff members is world class and this is just to say thank you. Thank you!

Simon – Because it's like getting to work with your friends everyday! (awwwwwwww!)

Hannah – CAP is so dynamic and exciting! To be part of a vision which is literally breaking and taking ground for God's Kingdom in this country is such a privilege and a buzz! I totally love it! The work environment is amazing, so encouraging. To be valued and invested in is incredible, everyday I learn more about God and how effective his body can be when we work together for his plan and purpose.

Debbie – CAP is the best Charity to work for because we have a practical and spiritual answer to the problems of our generation. We are seeing lives completely turned around from despair to delight. At the same time we get to work with a great group of people who draw the best out of us, who give purpose and meaning to our own lives. And we have such a laugh along the way!!

Elan – All staff are made to feel treasured, spoilt and loved, and like they'd never want to leave. I never get that horrible 'have to go to work' feeling or have 'Monday morning blues'.

Elaine – Amazing people! Practical, useful help with proven life changing results.

Mike – The capacity for CAP to want to bless and look after its staff is only exceeded by its total dedication and compassion for its clients.

Celia – CAP has an amazing heart of caring for their staff welfare & well being, alongside being totally professional.

Helen – Amazing culture and feeling of togetherness with a healthy balance of support, challenge and freedom. It really is such a fun and encouraging place to work; very professional and with a real passion for the people we help.

Kathryn – Working for CAP has been the best working experience of my life and also the best use of my time and talents in terms of advancing God's kingdom. I've found it to be the most stimulating, challenging and yet supportive environment in which to work, learn and grow. I love it!

Sian – If you want to grow massively in your faith, see God do the miraculous and impact lives right around the world you should work at CAP! Working at CAP is like being part of the Acts 2 church - it's so exciting! I've never before felt so much part of a 'community'. Why wouldn't you want to work here?!
